To: Sam Moon <smoon@osawatomieks.org>

Mon, Aug 7, 2023 at 10:42 AM

Hey Sam!

I hope the mountains are treating you well and you are finding great peace.

I went ahead and redesigned the mural with consideration to the committee's requests. There is also an alternate choice with the eyes of the tree opened, looking at the people on the swings.

The flowers featured are common Kansas Native wildflowers (sunflower, Indian Paintbrush, and coneflower). These could also serve as backdrops for more photos.

Please share this with the committee when you get the chance. And let them know that I am still very interested and creating the mural that they desire for this space. I think this design is more simple and peaceful than the previous one.

Minor details, such as height of swings, size of flowers, or width of tree are easily adjustable. If they still aren't quite satisfied, I am open to suggestions and feedback.

Thanks,

Alex

Mural Proposal

Mon, Aug 14, 2023 at 3:32 PM

Hey there Sam!

I wanted to send you our revamped proposal along with the invoice for design.

We stuck with our Kansas theme from our original design by utilizing each element of Kansas natural iconography including the main image of the Cottonwood tree as our base for the swings. We also included the American buffalo, sunflowers and a western honey bee on the left, a western meadowlark above the tree, and on a much smaller level in the bottom right corner, we incorporated the ornate box turtle and tiger salamander. Each individual element is editable so if you would prefer to leave something out, reduce it or anything else, just let me know, it would be a quick fix.

I also included a version with a sunset just in case the blue sky version wasn't colorful enough for what you are looking for.

Let me know what you think! I'm happy to make any adjustments your committee would like to see.

Have a great week!

Hey Sam!

So sorry I ran behind on getting you my mock up. Please let me know if you have any further questions.

Thanks,
Lynnsey
