### Osawatomie Safety / Beautification Program

#### Public Nuisance Program

To attain and meet the goals of the City Of Osawatomie, the Safety and Beautification Program goals would require all tenants, owners and landlords to share in the ownership and responsibility of our properties.

Nuisance Code violation on a single family home will require a legal notice to be sent to the legal occupants of said residence and if not remedied in a timely manner a fee should be assessed to the legal occupant's utility bill. (Multi Family where Landlord pays the utilities would trigger a notification to be sent to the owner of record)

### Osawatomie Safety / Beautification Program

#### Committee of Landlords

To create a working environment between the city and the landlords of Osawatomie.

Future members will be appointed by the Committee of Landlords and ratified by the City of Osawatomie.

To act like the city ICC Appeals Board and / or Planning Commission.

To modify and develop the future of the program under the direction of the city management.

#### Osawatomie Safety and Beautification Plan 5/13/2021

Plan Objective: To work together as a community to make the City of Osawatomie a more pleasant and beautiful place to live.

A. Exterior Requirements of Property: The exterior will be to the standards of the 2006 IPMC code. To be equally applied to all houses in Osawatomie, whether they be owner-occupied, tenant-occupied, or unoccupied. (Inspection to be done by the City of Osawatomie)

The categories below are emphasized in order to meet the specific criteria regarding the appearance of properties in the town.

- 1. Roofing/Guttering
  - 1. No tarps for an extended period of time (emergency use only)
  - 2. No visual holes
  - 3. No hanging/broken guttering
- 2. Windows/Siding
  - 1. No visual holes in siding/hanging siding
  - 2. No shattered windows/broken glass (open to outside air)
- 3. Exterior Paint
  - 1. Should look uniform
  - 2. No excess of discoloration, mold, peeling, etc
- 4. Porches/Decks/Handrails
  - 1. Should be in good working order
  - Paint/stain should be uniform and free of excess mold, peeling, etc.
- 5. Foundations
  - 1. No visual structural problems

The above emphasized categories' objectives are for broad or general curbside appeal regarding the Osawatomie Safety and Beautification Program.

- B. Interior Inspection Guidelines in accordance with Kansas Landlord Tenant Act:
  - Landlord/Tenant will complete an Interior inspection sheet to thoroughly evaluate premises prior to move-in.
  - 2. This inspection sheet will be given to City Utilities Office when utilities are turned on.
  - 3. Interior inspection can be made by the City of Osawatomie ONLY when the tenant of the property has made a complaint to the City.
  - The Landlord MUST have been notified in writing beforehand and given a reasonable amount of time to remedy the issue prior to a City of Osawatomie inspection.
  - The above guidelines to take effect after Nov. 1, 2021 for new tenant utility services only.

If any violations to the above requirements (interior or exterior) are found by the City of Osawatomie, the property owner must be given a reasonable amount of time to remedy the issue. Any appeals can be brought to the **Osawatomie Landlord's Board of Appeals**. Violation procedures and fine assessment will remain the same as is currently in place to comply with the 2006 IPMC code.

#### C. Nuisance Code City of Osawatomie

In order to be in compliance with the Kansas Landlord Tenant Act and so as not to violate private property rights of legal tenants, as specifically stated in \*Section 58-2564a (Material Non-Compliance), and \*Section 58-2565d (Personal Property), the following procedures should be in place:

- 1) Notice of infraction of nuisance code with the 10-day deadline, should be given to the legal OCCUPANT of the property as determined by utility billing and lease records. In the case of properties with no utility service or multi-family properties the notice should be given to the owner of record as determined by public tax records.
- 2) Any Fines or Special Assessments should be added to the utility bill so that the legal occupant is responsible to remedy the violation of the nuisance code. This is due to the fact that the legal occupant is the rightful owner of all personal belongings at the residence which may be the cause of the nuisance code violation. For properties with no utility service or multi-family properties, these fines, if necessary, will be assessed directly to the owner of record.

It is of mutual understanding that in order to sustainably meet the goals of the Osawatomie Safety and Beautification Program, everyone in the community should work together to share the responsibility. The burden must not be placed on a few but be shared by all those who legally reside in our community.

#### **Working Together to Help Beautify Our Community**

#### Kansas Landlord Tenant Act (in part as specified above)

\*58-2564. Material noncompliance by tenant; notice; termination of rental agreement; limitations; nonpayment of rent; remedies. (a) Except as otherwise provided in the residential landlord and tenant act, if there is a material noncompliance by the tenant with the rental agreement or a noncompliance with K.S.A. 58-2555 and amendments thereto materially affecting health and safety, the landlord may deliver a written notice to the tenant specifying the acts and omissions constituting the breach and that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice, if the breach is not remedied in 14 days. The rental agreement shall terminate as provided in the notice regardless of the periodic rent-paying date, except that if the breach is remediable by repairs or the payment of damages or otherwise, and the tenant adequately initiates a good faith effort to remedy the breach prior to the date specified in the notice, the rental agreement will not terminate. However, in the event that such breach or a similar breach occurs after the 14-day period provided in this subsection, the landlord may deliver a written notice to the tenant that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice without providing the opportunity to remedy the

breach. The rental agreement then shall terminate as provided in such notice regardless of the periodic rent-paying date

\*58-2565. Extended absence of tenant; damages; entry by landlord; abandonment by tenant, when; reasonable effort to rent required; termination of rental agreement, when; personal property of tenant; disposition, procedure; proceeds; rights of person receiving property. (d) If the tenant abandons or surrenders possession of the dwelling unit and leaves household goods, furnishings, fixtures or any other personal property in or at the dwelling unit or if the tenant is removed from the dwelling unit as a result of a forcible detainer action, pursuant to K.S.A. 2002 Supp. 61-3801 through 61-3808 and amendments thereto, and fails to remove any household goods, furnishings, fixtures or any other personal property in or at the dwelling unit after possession of the dwelling unit is returned to the landlord, the landlord may take possession of the property, store it at tenant's expense and sell or otherwise dispose of the same upon the expiration of 30 days after the landlord takes possession of the property, if at least 15 days prior to the sale or other disposition of such property the landlord shall publish once in a newspaper of general circulation in the county in which such dwelling unit is located a notice of the landlord's intention to sell or dispose of such property. Within seven days after publication, a copy of the published notice shall be mailed by the landlord to the tenant at the tenant's last known address. Such notice shall state the name of the tenant, a brief description of the property and the approximate date on which the landlord intends to sell or otherwise dispose of such property. If the foregoing requirements are met, the landlord may sell or otherwise dispose of the property without liability to the tenant or to any other person who has or claims to have an interest in such property, except as to any secured creditor who gives notice of creditor's interest in such property to the landlord prior to the sale or disposition thereof, if the landlord has no knowledge or notice that any person, other than the tenant, has or claims to have an interest in such property. During such 30 [30day] period after the landlord takes possession of the property, and at any time prior to sale or other disposition thereof, the tenant may redeem the property upon payment to the landlord of the reasonable expenses incurred by the landlord of taking, holding, and preparing the property for sale and of any amount due from the tenant to the landlord for rent or otherwise.

NOTE: While this section specifically refers to private property right of tenants after vacating, these same property rights are in effect while tenant is in possession of property. Landlord does not have the right to remove tenants' belongings.
