CITY OF OSAWATOMIE

STAFF AGENDA MEMORANDUM

DATE OF MEETING: July 27, 2017

AGENDA ITEM: Standard Offense Code and Uniform Public Offense Code

PRESENTER: Don Cawby, City Manager

ISSUE SUMMARY: The *Standard Traffic Ordinance (STO)* for Kansas Cities and the *Uniform Public Offense Code (UPOC)* for Kansas Cities have been published by the League of Kansas Municipalities for decades. They are designed to provide a comprehensive traffic code (STO) and criminal code (UPOC) for Kansas Cities.

The STO, in large part, parallels the state traffic act, just as the UPOC parallels the state criminal code. They do not take effect in a city until the governing body has passed and published an ordinance incorporating each of them by reference. The incorporating ordinance may delete articles or sections which the governing body considers unnecessary or may change language as long as it does not conflict with state statute.

For public records purposes, there must be at least three official copies of each on file with the City Clerk. We also make sure that enforcing officers each have a copy.

According to the publisher, LKM, the following represents the changes in the STO from the 2016 edition to the 2017 edition:

Sec. 133. Lamps and Other Equipment on Bicycles. (Amended by HB 2170)

Sec. 182.1 Seat Belts (Amended by SB 89)

The following represents the changes in the UPOC from the 2016 edition to the 2017 edition:

Sec. 1.1 Definitions: Added: Animal Shelter

Sec. 3.1.1 Domestic Battery. (Amended by SB 112)

Sec. 3.8.1 Violation of a Protective Order. (Amended by H Sub. For SB 101)

Sec. 4.5 Buying Sexual Relations. (Amended by H Sub. For SB 40)

Sec. 4.5.1 Unlawful Use of a Communication Facility. (New section created by H Sub. for SB 40)

Sec. 10.2 Drawing a Weapon Upon Another. (Deleted)

Sec. 10.27 Illegal Operation of an Amusement Ride. (New section created by H Sub. for SB 70 and H Sub. for SB 86)

Sec. 11.11 Cruelty to Animals. (Amended by SB 112)

COUNCIL ACTION NEEDED: Vote on the ordinances to adopt the 2017 STO and the 2017 UPOC.

STAFF RECOMMENDATION TO COUNCIL: (1) Adopt the ordinance as presented to incorporate the 2017 STO by reference. (2) Adopt the ordinance as presented to incorporate the 2017 UPOC by reference.

NOTE: We intend to publish these as summaries. The summaries would read as follows:

Golf Course 2nd Quarter Report

Superintendent

This quarter there were a few projects completed by golf maintenance staff. At the end of March, we aerated greens and applied a heavy topdressing of sand to fill aeration holes. This helps to increase rooting and provide channels to improve drainage. In June we were able to strip in zoysia grass on holes 13 and 15 forward tees. There are plans to complete a few more prior to fall. Something that we as a golf staff have not tracked in the past is labor hours spent on machine repairs. These repairs are repairs that are able to be completed at the golf course by maintenance staff. Repairs that are done by city mechanic are noted in the log but not included in man hours. However, the hours the machine is down is included. Beginning in April normal maintenance begins. A breakdown of hours spent on each task will be included in this report.

April

- Broadleaf herbicide application to rough, fairways, and tees
- Greens application, consisting of fungicide, fertilizer, growth regulator
- Fertilizer application on tees
- Native grass areas are burned off

May

- Greens applications every two weeks
- Tees and green surrounds treated with growth regulator
- One light topdressing application applied to greens
- A heavy topdressing application to driving range tee
- Fixed 5 decoders on sprinkler system

June

- Continue greens applications every two weeks
- Topdress greens
- Verticut greens
- Spiked greens
- Cart path repairs, and grading after heavy rain
- Removed 3 dead trees (have a 4 more to go)

We apply growth regulator to a lot of areas on the golf course for a few reasons. It allows us to save man hours in mowing and fuel usage and helps keep turf healthy. With the rains, it has required us to be more active in spiking and verticutting the greens. Heavy rain with hot temperatures causes the greens to become puffy and scalp. We do also incorporate topdressing to combat the scalping issue.

What has been mentioned are highlights or maintenance practices outside of the normal scope of maintenance. Also in June, there was a total of 17 hours dedicated to finding and fixing an irrigation

wiring issue. We have spent 24.25 labor hours on machine repairs this quarter. The rough mower has required 10 hours of repairs by golf staff. Not included in that 10 hours is that has been unusable for approximately 13 days. This is attributed to parts not being in stock locally and having to order them.

Normal scope of maintenance per week

- 30 hrs to mow rough 1x
- 10 hrs to mow fairways 1x – we mow 2x week
- 1.5 hrs to mow greens 1x- we mow 7x week
- 3 hrs to mow tees 1x
- 3.5 hrs to mow tee and green banks
- 1.5 hrs to move pins on greens 1x – done 4x week
- 2 hours to hand water greens 1x- as needed
- 10 hours to spray fairways 1x
- 3 hours to topdress and drag greens (2 men) 1x-
- 8 – 10 hours spot spraying fairways 1x – done as needed
- 3 hours to spray greens 1x
- 3 hours to spray green and tee surrounds and tee boxes 1x

Clubhouse

April and May were dismal months due to rain, we had to cancel 4 tournaments and only one rescheduled for a later date.

We introduced a meal card that is very popular with members and city workers, the card is buy 7 meals and get the 8th meal free.

April started the partnership with Great Life and the course is averaging about 35 players a month at \$16 each, about what we expected the round of golf to be.

In May we started a couples night on the 2nd and 4th Friday of each month this is gaining additional interest from other golf course members.

We are talking to Gary French about starting a program in the middle school to introduce golf to the students and maybe get them playing on a regular basis.

June has shown an increase in play and tournaments, with additional play from surrounding courses sparking interest in becoming members.

We have shown a modest 8% increase in revenue thru June as compared to the same period of 2016.

CITY OF OSAWATOMIE

STAFF AGENDA MEMORANDUM

DATE OF MEETING: July 27, 2017

AGENDA ITEM: 2018 Recommended Budget

PRESENTER: Don Cawby, City Manager

BUDGET SUMMARY: Attached is the City Manager's proposed 2018 Budget, along with the revised 2017 Budget, for the City of Osawatomie.

Current Year. The 2017 revised budget reflects \$16,977,903 in total expenditures from all funds. It is an increase of \$2.7 million increase over the 2017 approved budget, almost all a result of: (1) carryover in the CIP Electric project and (2) assigning final budget estimates to Phase II of the Main Street project. For budgeted (a.k.a. limited funds), estimated expenditures actually decrease by \$885,804 from the approved budget of \$12,439,512. While limited funds expenditures decreased by approximately \$885,000, revenues only fell by approximately \$180,000.

Budget Year. The 2018 proposed budget expenditures total \$15,509,948 from all funds. This is a \$1.4 million reduction in expenditures from the current year revised budget. Again, the change in expenditures from all funds is largely impacted by the Electric Generation Project winding down and the Phase II project being converted from temporary notes to permanent notes. For limited funds, proposed expenditures are \$12,536,144, and increase of \$982,436 million from the revised 2017 budget. The majority of that increase (\$793,897) is reflected in cash reserves holdings, which are required in most of the limited funds to meet state budget law ending balances. The remainder of the increase, \$188,539 is a 1.6% increase for all limited expenditures, all of which occurs in utility funds. Property tax funds show a total decrease of \$10,685 in expenditures.

The proposed budget has estimated revenues at \$15.2 million, and increase of \$1.3 million over the revised 2017 budget. Of that total, \$973,694 is a result of non-limited capital improvement funds. For limited funds, revenues increase by 336,000 over 2017, The largest gains in revenue are from: (1) a proposed rate increase for the Electric Fund—\$100,000; (2) estimated sales of excess electric capacity—\$50,000; a proposed rate increase for the Water Fund—\$80,000; and

a 1.7 mil levy increase for the Bond and Interest Fund for the first step of a total 4.5 mil increase for Phase II Main Street bonds.

SELECTED FUNDS

General Fund. The General Fund has a modest increase in 2018 expenses when factoring out cash reserves (\$63,000), with small increases in the general administration, police department and property and maintenance programs. The police department includes a part-time secretary in the coming year. The administration reflects a fully staffed City Hall for a full year, which was not the case for the past 2-3 years. Properties and Maintenance reflects full funding of our mowing crews and a larger mower replacement for 2018. The General Fund again includes \$30,000 for building demolition, \$10,000 to finish the comprehensive plan, and \$20,000 to upgrade finance software.

General fund revenues are expected to increase by approximately \$19,000. This is a result of shifting 1.3 mils (\$30,000) of property tax from Employee Benefits to the General Fund and minor changes in all other funding sources for 2018. Sales Taxes are held flat or below previous years with the unknown impact of the grocery store closure and addition of 3 new/expanded businesses. For 2018, we show revenue from the COPS grant moving to USD 367 to provide full payment and with the savings in insurance in both years by moving to MPR, there will be no dividend payment from EMC.

Water Fund. The proposed 2018 Water Fund budget has an increase in total expense budget by \$19,000, but when factoring out the cash reserves of \$30,000, the budget is actually a decrease of \$11,000 for 2018. That reduction is in large part a result of the P&L insurance savings through moving to MPR. However, the budget also includes a \$80,000 rate increase for 2018 which is hopefully the last step to structurally balance the fund after taking on additional debt payment of \$70,000 for the 2015-16 Main Street water line project.

Electric Fund. After factoring out \$100,000 in cash reserves, the proposed Electric Fund budget for 2018 is an increase of \$156,000 in 2018. That increase is primarily in 2 areas: (1) \$100,000 for purchased electric costs and (2) additional capital outlay for beginning conversion of the electric system (if funds allow).

Employee Benefits. The proposed Employee Benefit Fund budget is projected to remain in balance, with an ending balance around \$158,000, even though the mil levy was lowered by 1.75 mils for 2018, offsetting other property tax increases in other funds. Moves to control health care expenses for 2017 carry over into 2018 to allow for this structural balance to remain intact.

Sewer Fund. Proposed Sewer Fund expenditures for 2018 are an increase of \$118,000 (when factoring out cash reserves). This increase reflects planned increases in debt service payments (\$50,000) and the replace of the decanter arm drive at the sewer plant (\$50,000) should it need to be replaced before Phase II of the plant upgrade project starts. The budget also includes the purchase of a vacuum trailer that will be split with the water department (\$20,000). Although balances are low, no rate increases are expected at this time, as debt payments will drop by more than \$100,000 from 2019 to 2020.

Golf Course Fund. The 2018 golf course budget will seek to maintain similar expenses and see a modest increase in revenues due to increased greens fees and member fees. The golf course is hoping the continued maintenance and improvement on the course will lead to the continued steady growth in revenues it has experienced in the past 2 years.

OTHER GENERAL ISSUES

New Fire Truck. The proposed budget has no funds allocated for a new, or “new to us” fire truck. The plan of this budget is that 2019 will include either a mil levy rate increase or be supplanted by a possible sales tax referendum that will occur before finalizing the budget in 2019. Between now and then, if funds are needed to purchase a truck, it will be done through temporary notes or a lease-purchase with a delayed payment date.

Salary Increases. The proposed budget has no funds allocated for 2018 salary increases. Because of some budget uncertainties surrounding sales taxes, property taxes and current year operating expenditures, funds were not directly appropriated for this purpose. However, some cost scenario increases are show in the budget tables to provide some guidance for the impact salary increase that we may consider at the end of 2017 or the beginning of 2018.

Rate Increases. As mentioned in the Water and Electric Fund overviews, proposed rate increases are proposed for both. In order to be in place for a full year of operations, the rate increases should probably be considered and approved by late November.

COUNCIL ACTION NEEDED: **(1)** Review the proposed budget and approve by motion any adjustments to the proposed budget. **(2)** Set a hearing for August 24 (regular meeting) to take public comment and adopt the proposed budget (See copy of official notice). **NOTE:** Once the hearing has been set, they mill levy may not be increased, only reduced. The notice will be placed in the newspaper on August 2, 2017.

STAFF RECOMMENDATION TO COUNCIL: Approve by motion any adjustments to the proposed budget and then set the hearing date.
