My City My Home

Osawatomie. An amazing place full of amazing people. Where we give to each other as much as we can and are always there to lend a helping hand. The people of Osawatomie are honored to be here and so am I, thanks to an amazing, smart, wonderful man named John Brown who fought with bravery to make sure we have the town we have today. We citizens of Osawatomie are so inspired by the kindness and compassion of John Brown, we even devoted a whole park and museum to him and the wonderful things he did like, free the slaves, teach African American children, and fight for our town. Osawatomie is home to me because it is a beautiful and unique place to live and is full of nice and kind people.

Our town also provides city services such as our amazing police department which has policemen who strive to keep people safe. Or our Fire department who is determined to make sure that every house in our town that is in trouble stays safe. It's more than just first responders, it's also workers at City Hall that make sure everything in town is looking and going the way it should. It's our construction workers who work hard to make sure the town looks presentable. We may be a small town, but we are full of important people who work hard and strive to keep the town safe.

But it's not just the city services that make the town impressive, it's also the beautiful sights, scenery, and attractions that really pull the town together and make it look truly amazing. Such as our awesome restaurants like our Chinese restaurant, Mexican restaurant, cafe, and Ice Cream Shop that all make amazing food and are even more amazing to visit! For example, our Mexican Restaurant, which has a bunch of beautiful paintings and art that they have hung up all around the store. Or our Ice Cream shop that just recently opened that has an amazing Ice Cream mural on one of their side walls. Our town business owners work hard to make sure their businesses look amazing and fun to visit. We also have awesome physical features, like our Flint Trails hiking trail that you can walk on and look at all the beautiful forest scenery. As well as the beautiful Marais Des Cygnes river that even has a historical background story. Our town is a truly beautiful place.

Everything I have wrote about described how much I and so many others love our town. It's more than just my home. It's a place where I feel loved and am around so many kind people who are always greeting me with a warm smile, and friendly gesture. Osawatomie is truly an amazing place to live. No matter who you are, or where you are, I hope you are inspired by my wonderful home town.
